

MET PGA PARTNER SIGNS BY THE SEA Offers Hand Sanitizer

When playing golf, soap and water for hand washing are not always readily available. And, the CDC recommends the use of a hand sanitizer that contains at least 60% alcohol when water and soap are not readily available. Recognizing our golf customers' needs, we have partnered up with Emerald Corp. to exclusively supply the golf industry with the opportunity to purchase cases of pocket-sized hand sanitizer that is 70% ethyl alcohol.

The goal of offering hand sanitizer for your club is so that you can be prepared as you follow the CDC Guidelines for businesses/employers to 1) reduce transmission among employees, 2) maintain healthy business operations, and 3) maintain a healthy work environment.

The pricing is \$3.50 per 2 oz. bottle, sold by the case of 144 bottles. Any orders over 20 cases discount to \$3.35 per bottle and receive free shipping. Full pallet orders (48 cases) discount to \$3.25 per bottle and free shipping.

Lead time is about 3 to 3.5 weeks if ordered ASAP. If you are interested, please email us back. Orders will be processed in the order received. These orders will require a credit card payment prior to shipment.

Thank you!
All the best to you and your families –
The SBTS team
