| Position(s) I am interested in running for: | Treasurer Secretary |

Please write a brief statement regarding what your impact would be if elected to the position. (Treasurer Jr. Golf / Fundraising) (Secretary Club Relations / Thank You)

I would like to continue the thank you tables at Assistant Events. After having an Event at Mill River in 2017, our superintendent was very appreciate of the letters he received and was able to submit them to the Greens Committee.

Junior Golf is the key to the future of the game and to our clubs. I believe working with clubs that have successful junior programs and sharing ideas can help all Assistant Professionals show their value to their clubs and their Head Professionals.

Networking and finding the right ideas that work for you and your club will help increase our Fundraising efforts. Not every club (like mine for example) allows fundraising or charity donations and some Assistants aren't in positions to drive a fundraising effort at their club or course. It's important to come up with ideas outside the box that will help Assistants get more involved.
